Professional Experience

Nurse – Hematology Department

Republican Clinical Hospital of Ufa, Ufa, Russia — *September 2018 – September 2023*

- Administered medications via oral, IV, and intramuscular injections, monitored patient responses, and reported outcomes to physicians.
- Conducted patient assessments, including vitals and specimen screening, to assist physicians in evaluations and treatments.
- Ensured patient readiness for physician evaluation by preparing examination rooms and performing tray setups for clinical procedures.
- Followed strict infection control procedures to maintain a sterile environment and prevent hospital-acquired infections.
- Documented all interventions and outcomes in compliance with clinical standards.

Intensive Care Unit Nurse

Emergency Hospital of Ufa City, Ufa, Russia — *September 2016 – August 2018*

- Assisted in administering critical care procedures, including emergency intubation, venipuncture, and life-saving interventions such as CPR.
- Collaborated with physicians to ensure accurate testing and lab results were processed in a timely manner, facilitating smooth patient flow in the ICU.
- Administered EKGs, monitored ventilators, and ensured accurate vital sign readings to prioritize patient care based on acuity.
- Delivered high-quality patient care and increased satisfaction by effectively communicating with patients and their families regarding treatment plans.

Nurse – Infectious Diseases Department

Blagoveshchensk District Hospital, Blagoveshchensk, Russia — *June 2016 – September 2016*

- Administered medications and provided patient care for infectious diseases patients, including education on hygiene and disease prevention.
- Assisted physicians with evaluations and treatment plans, including administering medications, injections, and bandage applications.
